

# Inflation Data

Aaron Peikert

2025-09-18

The **dataset** we use stems from the Bank of England Research datasets.

I quote:

This dataset contains the individual responses to our Inflation Attitudes Survey, a quarterly survey of people's feelings about inflation and other economic variables like the interest rate.

For this dataset the Bank of England asked 240.133 people for their opinion on the perceived and expected inflation. The survey has run quarterly since 2001.

A code chunk is for longer code/output:

Inline code is for single numbers/short text:

The mean sepal length is 5.843333.

We have 32 cars. +++
